DARING AVIATOR MADE PRISONER

PASSES OVER BERLIN, DROPS A WARNING AND THEN FALLS PRISONER IN POLAND

(By Associated Press.) PARIS, July 24.—An official message that Lieut. Marchal, of the aviation corps, last month left France and flew over Berlin, where he dropped proclamation, and continued his flight, intending to land in Russia. He descended, owing to engine trouble, in Poland, and the Germans took him prisoner.

The proclamation Marchal dropped said that, though possible, the aviator refrained from bombarding and "thus kill women and innocent children." He made a continuous flight of 807 miles, mostly at night.

CONCEALING SEX JAPANESE TRICK

DISCOVERY OF AN OLD CUSTOM THAT IS PRACTICED LITTLE IN MODERN LIFE

(By Associated Press.)

TOKIO, July 24.—The army conscription examiners in session at a town in the interior were astounded recently when a young Japanese woman, dressed fashionably and carrying a parasol, walked into the office and requested examination for military service. When the applicant explained that "she" was a man and not a woman the examiners recalled an old Japanese custom of concealing sex, a custom which, as it afterward appeared, the applicant was following.

Old time tradition held that a physically weak boy should be brought up as a girl from the belief that the child would thus escape the curse of death. The boy was attired in female costume and his hair was allowed to grow long like a girl's.

Yasukichi, the son of Kinzo Mishikawa, the army applicant, was brought up under this tradition, which is followed now only in remote districts. He learned to sew and to cook. He entered a cotton mill at Osaka and worked as a female operative. No one suspected his real sex.

The examiners found the young man of perfect physique and health and he has entered the army in man's clothes.

BULLION RECORD BREAKS RECORDS

WHITE PINE COUNTY PROFITS FROM HEAVY PRODUCTION OF COPPER

The report of the Nevada Consolidated Copper company for the second quarter of the present year was filed with County Assessor Clark on Wednesday and breaks all previous records for tonnage of ore treated and profits made. The report follows:

Tonnage of ore mined, 1,114,824; value, at \$5.861 per ton, \$6,534,318.17. Deductions: Actual cost of management, \$38,332.34; actual expenditure of mining, \$837,408.10; actual expenditure of transportation, \$294,496.53; actual expenditure of reduction, \$1,389,029.81; total deductions from gross yield, \$2,559,276.88. Total net proceeds, \$3,975,041.29. Eighty per cent of net proceeds, on which tax is paid, \$3,181,033.03. Bullion tax for quarter, \$49,608.00.

The only other report filed up to the present time upon which a bullion tax is payable is that of the U. S. Tungsten Corporation, which follows: Total tonnage of ore mined, 2767; value at \$38.86 1/2 per ton, \$1,075,540.92; total deductions from gross yield, \$72,363.86; total net proceeds, \$35,177.06. Eighty per cent of net proceeds on which tax is paid, \$28,141.65. Bullion tax for quarter, \$439.85.

(By Associated Press.) WASHINGTON, July 24.—Reports reaching Gen. Pershing that Villa had assembled a formidable force and is preparing to renew war on the de facto government are not confirmed by reliable sources. The capture and punishment of Villa still is desired and the co-operation of United States troops will be extended, it was said, if Carranza desired.

WARMEST DAY OF THIS YEAR

FEW DROPS OF RAIN DURING NIGHT BRINGS GRATEFUL RELIEF

Yesterday was the hottest day of the year in Tonopah. The shaded thermometer at the United States weather bureau registered 92 degrees, which is equal to 98 to 100 degrees on Main street. The sky clouded this morning at 2 o'clock and a few drops of rain fell, cooling the atmosphere down to a temperature of 72 degrees. The maximum today was 87 at 2 p. m.

ORIZABA MINE BEGINS SHIPPING

CONTRACT PLACED FOR HAULING 500 TONS TO THE OLD BELMONT MILL

The Orizaba mine, near Cloverdale, is about to re-enter the shipping class. A contract was entered into yesterday between L. K. Koontz, president of the company, and C. F. Wittenberg for the latter to haul the initial shipment, consisting of 500 tons. It is not yet definitely decided where the ore will be sent to the Western Ore Purchasing company or to the Belmont mill, but at all events it will be delivered at Millers.

The Diamondfield Black Butte mining company controls the Orizaba. An eight drill compressor is being installed at the Orizaba and the boiler capacity is being increased 100 horsepower.

WOMAN KILLS COYOTE TO SAVE CHILDREN

MRS. BELLE BOSTON USES A PUMP-GUN WHEN COYOTES ATTACK HOME

George Dugan, who returned last evening from his ranch at Hot Creek, brings word of a raid by three rabid coyotes at the ranch of L. L. Wattle, 12 miles above Hot Creek. Mrs. Belle Boston, daughter of Mr. and Mrs. Wattle, who is visiting at the ranch, and her two children, were alone at the ranch house when the coyotes arrived. They bit at all the animals they could reach and attacked the children, who were playing some distance from the house. Mrs. Boston ran to the little folk and hurried them to the house, the coyotes following and biting at the screen door, then running around the house, trying to find ingress. Seizing a pump-gun, Mrs. Boston fired repeatedly through a window, killing one of the animals, when the two others damped. The coyote that was shot had his jaws covered with foam and blood.

GERMAN DESTROYERS PROVOKE A FIGHT

ENGAGE IN A RUNNING FIGHT BUT DRIVEN OFF ONLY TO REACH HOME PORT

(By Associated Press.)

LONDON, July 24.—An official report to the War office says six German torpedo boat destroyers engaged in a running fight with British light forces off Schouwen bank. The German vessels were repeatedly hit but reached the Belgian coast.

(By Associated Press.)

WASHINGTON, July 24.—Ambassadors Page and Sharp have been directed to press the British and French governments for an early and full reply to the American note dealing with mail seizure and the principles involved.

SATISFACTION ASKED FOR ALLEGED ATTACK

(By Associated Press.)

EL PASO, July 24.—Gen. Francisco Gonzales, commandant at Juarez, protested to Gen. Bell today against the conduct of an outpost of guards of the Ninth Massachusetts who he declared crossed into Mexico "in violation of Mexican rights and shot up without provocation a number of

homes of Mexicans south of the border."

The outposts claim they were shot at first. Mexicans living opposite reported to Gen. Gonzales that not a shot was fired from the Mexican side before the Americans began an unprovoked attack against civilians, including women and children.

FOREST FIRE MENACES TOWN WATER SUPPLY

FIERCE FIGHT BEFORE FLAMES ARE BROUGHT UNDER CONTROL

VIRGINIA CITY, July 24.—Word was received in this city during the last week of a large and spectacular forest fire raging about one-half mile north of the old store at Incline on the shores of Lake Tahoe, which at one time threatened to reach the north flume of the Virginia Gold Hill company. By sheer good luck, in that the high winds that prevail in that section at this time of year were comparatively still for a period of 24 to 36 hours, the employees of the company, reinforced by campers, were able to gain the upper hand of as stubborn a fire as is seldom seen in the forest, started by campers.

The fire started, it is called, through the carelessness of California campers, who broke camp and left a smoldering fire. The wind scattered the sparks in all directions, and, as the underbrush and timber is dense at this point, the flames soon gained a tremendous headway. An alarm was sent out to this city by the watchman of the water company at Marlette lake. A large force of men was dispatched to the scene and succeeded after two days and nights in corralling the flames, but not until a large area was burned over. The fire found its way to a big fir tree, fully 100 feet in height, one of the old time sentinels of the forest, and this burning giant made a sight not often witnessed. The sparks flew in all directions, as from a mammoth set piece, and the fire broke out in a half hundred places.

BRITAIN INSISTS ON MAIL SEARCH

WASHINGTON WRITES ANOTHER NOTE REPEATING DEMAND FOR EXPLANATION

(By Associated Press.)

WASHINGTON, July 24.—England's partial reply to the American mail interference protest is deemed unsatisfactory because it deals with specific cases instead of the principles involved. Officials infer that England is determined to uphold the attitude which the United States regard as unwarranted and without authority in international law.

Acting Secretary Polk said he would acknowledge receipt of the English communication, repeating his

STRUGGLE OVER DEFENCE BILL

DEBATE EXPECTED TO LAST FOR SEVERAL DAYS BEFORE A SETTLEMENT

(By Associated Press.)

WASHINGTON, July 24.—The nation defense program will occupy the attention of the Senate most of the week. Debate of the army bill, when resumed, is expected to last several days. The conferees will struggle over the building program of the navy and likely pare the Senate eight capital ship plan for next year. Efforts will be made to get final action on army and navy bills in the conference early in August. Adjournment has been fixed for August 19.

CLEAN UP RUBBISH LEFT BY CARNIVAL

WORK FOR THE GARBAGE CREW PREPARED BY CARNIVAL CROWD LAST WEEK

The next time the county commissioners are asked to license a traveling show the people of Tonopah hope they will see that the visitors clean up before making their getaway. Brougher avenue presents a sorry spectacle, with two blocks littered with refuse that menaces adjacent property. In fact, the menace was something more than imaginary, since there is ample evidence that fire did start last night, as the vicinity is filled with charred fragments of paper and wood. The town receives a tax of five dollars a day from these strolling players, who denude the place of spare change and damage legitimate business to an extent that can only be understood by the business men who pay high licenses and taxes. It will cost a few dollars to clean up the rubbish.

In this connection it may be well to remind the voter that this will be the last infliction of the kind to be borne, as at the next election two business men will be chosen for county commissioners to take the place of the retiring commissioners. Let the county proceed with the cleaning up and relieve the neighbors who endured the carnival for ten days from the nuisance created.

BUTLER THEATER

On account of the picture which was to have been shown tonight, "The Flames of Johannis," with Nance O'Neil, missing train connections in California, another picture has been substituted in its place, and "The Flames of Johannis" will be shown later. The picture to be seen this evening is a six-part Vitaphone Blue Ribbon feature entitled "Fathers of Men." It is brand new, having been released less than two weeks ago. James Oliver Curwood is the author of this six-reel photoplay of life in the Canadian northwest. Mr. Curwood has constructed a story strong in motive and picturesque in detail. The scenes were all taken during the winter months and Director William Humphrey has been successful in reproducing the atmosphere of the northwest, with its deep snows, dog teams, and bitter cold. "The Girl and the Game" will also be shown tonight.

Tomorrow, Richard Jose, the sweet singer. You can see him in the pictures and can also see and hear him in person. There will be only one show and it will start at 8:15 in the evening.
